

Firsttrade Rule 606 Disclosure: 2017 Q3

Firsttrade Securities Inc. (Firsttrade) has prepared this report pursuant to a U.S. Securities and Exchange Commission rule requiring all brokerage firms to make available to the public quarterly reports about their order routing practices.

The report provides information on the routing of "non-directed orders" -- any order that the customer has not specifically instructed to be routed to a particular venue for execution. For these non-directed orders, Firsttrade has selected the execution venue on behalf of its customers.

The report is divided into four sections:

1. New York Stock Exchange listed securities
2. Nasdaq Stock Market listed securities
3. NYSE MKT Exchange and regional exchanges listed securities
4. Exchange listed options

For each section, this report identifies the venues most often selected by Firsttrade, sets forth the percentage of various types of orders routed to the venues, and discusses the material aspects of Firsttrade's relationship with the venues.

Questions regarding this report should be addressed to the Firsttrade Compliance Department.
